

## **DEPARTMENT OF DEFENCE - ANZAC Ship Project Office**

Ross Human Directions was engaged to manage the RFT process for the outsourcing of ICT services for the ANZAC Ship Project in Defence. We were engaged to work on all aspects of the RFT process including development of the Statement of Requirement, definition of the “as is” and “to be” states, liaison with the existing outsourcer, development of the RFT, development of the Tender Evaluation Plan, transition management, and contract negotiations with the preferred outsourcer. Our work was conducted both in Canberra and in Rockingham, WA.
