

## **DEPARTMENT OF DEFENCE - Directorate of Professional Education**

Ross Human Directions is working with the Program Managers' Certification Framework (PMCF) Project. The Project is to build a framework of competencies and standards to support improved skills of the Defence Materiel Organisation (DMO)'s acquisition and sustainment workforce. All DMO program managers and project directors will need to meet industry competency standards for project management. Interim certification to AIPM Registered PM levels is planned for the June-December 2006 period.
